She said she followed the truck north on Ayers St. and then west on Baldwin Blvd. toward Crosstown Expressway. During her pursuit, The Student took a picture of the truck as she followed from behind. She provided Security with the picture. At some point during the pursuit, She said the driver of the Silverado brandished a gun. She returned to campus to report the incident. Review of security video revealed the following: Student's yellow Jeep enters the campus parking lot. To her immediate right, about 3 parking spots away, is a tan truck parked in reverse. The Jeep makes a prompt right turn. The truck exits its parking spot and turns left at about the same time DMC Student is making her immediate right turn in the direction of the truck. The vehicle's pass each other in opposite directions. She continuous driving away but then stops and exits her Jeep. She runs back approximately 60 ft. toward the truck which is now exiting campus onto Ayers St. Student hurriedly returns to her Jeep. She gets into her Jeep, turns the vehicle around and drives in the direction from which she entered campus and where the truck exits campus. Based on the background location where She took the pictures of the Silverado, it is estimated she followed the truck over one-half mile before She discontinued her pursuit and returned to campus.</p>	CCPD Case# 180502006 3
